EENC recognizes excellence! Every year EENC publicly recognizes deserving environmental educators, EENC members, and partners for their valuable contributions to EENC, the North Carolina community, and to the field of environmental education. Quality environmental education begins with excellent environmental educators! Award winners are announced at EENC's annual meeting and conference.

- ***Environmental Educator of the Year***

This award recognizes an educator who stands out among environmental educators as a professional who exemplifies excellence in environmental education and lends credibility to the field. Through valuable contributions and professionalism, this environmental educator is regarded as a “dynamo” that other EE practitioners strive to emulate.

- ***Outstanding Newcomer Award***

This award was established to recognize a member of five years or less who has made a significant contribution to EENC during his or her short time as a member.
